

Session for 3 to 6-Year-Olds

In this session, we invite children to our Icy Christmas Land for an engaging journey as little Christmas elves. The three activities are designed to strengthen their lower body strength, upper-body coordination, and develop balance and movement control. This snow-themed adventure not only challenges their physical skills but also builds patience and problem-solving skills.

The Jingle-ball Challenges

Suggested Age: 3 to 6 years old

Christmas is coming, but the Naughty Snowman has hidden all the presents! Little elves, can you help find them? To save Christmas, we'll need strength, balance and coordination skills to defeat the Naughty Snowman in three Jingle-ball challenges. Are you ready? Let's go!

Challenge 1: Catch the Naughty Snowman

Oh no, the Naughty Snowman is getting away! Let's get on the Rocking Volcanos, wiggle our feet to gather Jingle-balls, and round him up to uncover clues about the hidden presents!

Challenge 2: Snowball Battle

Mini snowmen alert! Don't be fooled by their frosty cuteness. Let's take cover on the Rocking Leaf Boats and toss Jingle-balls at the mini snowmen to clear the path for your adventure!

Challenge 3: The Ice Palace Mystery

Shhh.... Rumors say the presents are hidden inside the Ice Palace! Step carefully across the wobbly Balance Rocking Ice and Butterfly Path, and use the Pole to guide snowflakes into the goal to unlock the secret gateway to the Palace.

Joy to the world, the presents are found! Inside the Ice Palace lies the enchanting Icy Ice Building Sets. Now you can build your very own magical icy kingdom. Thank you, little elves — and Merry Christmas!
