

# Session for 0 to 3-Year-Olds

Christmas is a season filled with warmth, joy, and wonder. In this session, we'll combine Weplay educational equipment with festive decorations to create a magical sensory wonderland where children engage their senses—feeling, seeing, and balancing as they explore the beauty of changing colors, lights, and textures in a joyful holiday adventure!

## Objectives

1. Enhance tactile and visual perception through exploring varied materials.
2. Improve balance and coordination on different surfaces.
3. Strengthen muscles and improve aiming control.

### Required Resources

<b>A</b>	Wavy Tactile Path	KT0009-00B	1 set
<b>B</b>	Sand & Water Table	KT2001-00C	1 set

<b>E</b>	Rocky Hill	KP2005	1 set
<b>F</b>	Icy Ice Building Set	KC0005	1 set
<b>G</b>	Construction Tower	KT1003	2 sets
<b>H</b>	Gears	KT1004	2 sets

# Twinkling Christmas Market

**Suggested Age: 18 to 36 months**

The annual Christmas Market is here! This year, the market square shines with a magical Ice Ball Pool, filled with sparkling, lucky ice balls. Children carefully place the balls into a special gift box before they melt, collecting joyful Christmas blessings along the way!

Step on it, feel it—let the magic of Christmas surround you!

### Setup Idea

Place flashlights or glowing balls inside the transparent Sand & Water Table to create shifting light and shadow effects that inspire children's curiosity and invite them to explore.

Let's grab the ice balls! Step onto the snowman trail, a twisting, turning path that rises and dips and gently wobbles beneath your feet. Walk with confidence and balance as you deliver the ice balls to the gift box before they melt!

Finally, carry your gift boxes overflowing with blessings to the Christmas tree and castle in the market square. Capture beautiful photos together and celebrate the magic of the season!

Welcome! The baby boss of the Christmas market is here!

It's Hide-and-seek time!
