Creatistics Pattern Paper Squares
CS0260

Green Crinkle Paper Shred
CS6565

Adhesive Rhinestones
CL8180

Brown Silk Clay
CRV818

TOP TIP

Personalise further by adding a photo to the centre of the Flower Paddle Pop Sticks. Simply print out in a small size and snip around the children's faces to fit the centre of the flower stick.

Mother's Day craft: Wooden Flower Mum Pot

- 1 Draw or write messages onto the porcelain pot using Glass & Porcelain markers and set aside a few hours for drawings to air dry.
- 2 Bake the pots in the oven at 150 degrees C for 30 minutes, turn oven off and allow to cool before removing (this 'sets' the markers to reduce wear and tear).
- 3 Apply pastel paint to the Wooden Flower Paddle Pop Sticks and set aside to dry. Repeat application as desired.
- 4 Use craft glue to decorate flowers with pastel buttons, beads, pom poms, rhinestones and pattern paper. Set aside to dry.
- 5 Fill the pot with Silk Clay and gently press the flower pop sticks into the clay just enough to stand up.
- 6 Add a few squeezes of craft glue on top of the silk clay and gently press Green Crinkle Paper to cover the clay. Set aside to dry.
- 7 Done! The perfect Wooden Flower Mum Pot is ready.
